

**LONG ISLAND RAIL ROAD EXPANSION PROJECT
FROM FLORAL PARK TO HICKSVILLE**

DRAFT ENVIRONMENTAL IMPACT STATEMENT

Project Name: Long Island Rail Road Expansion Project
From Floral Park to Hicksville

Project Location: Nassau County, New York

Lead Agency &
Contact Person: Long Island Rail Road
Edward M. Dumas, Vice President
Market Development & Public Affairs
MTA Long Island Rail Road, MC 1131
Jamaica Station Building
Jamaica, NY 11435

SEQRA Classification: Type I Action

Project Sponsors: Long Island Rail Road
New York State Department of Transportation

DEIS Acceptance Date: November 28, 2016

DEIS Public Hearing Date: January 17, 2017
January 18, 2017
January 19, 2017

DEIS Written Comment Date: Written comments on the Draft EIS will be accepted until
January 31, 2017, or until 10 days following the close of
the Public Hearing, whichever is later.

This document is the Draft Environmental Impact Statement (DEIS) for the Long Island Rail Road Expansion Project from Floral Park to Hicksville project. The DEIS is prepared pursuant to Article 8 of the Environmental Conservation Law and its implementing regulations (State Environmental Quality Review Act) (6 NYCRR Part 617). Copies are available for review at the office of the Lead Agency. A copy of this document has also been made available on the Internet at the following address: <http://www.AModernLI.com>.

DEIS Prepared by: AKRF, Inc.

Table of Contents

Executive Summary	S-1
1: Project Description	1-1
A. Introduction	1-1
B. Regulatory Context	1-2
C. Project Purpose and Need	1-3
Background	1-3
Congestion and Delays Along Existing LIRR Main Line.....	1-3
On-Time Performance.....	1-11
Future Ridership Projections	1-12
Intra-Island, Reverse Peak, and Reverse Direction Service Limitations.....	1-14
Street-Level Grade Crossings.....	1-15
Project Goals and Objectives	1-15
Planning Context	1-16
D. Description of the Proposed Project.....	1-18
Overview	1-18
Third Track Alignment.....	1-19
Retaining and Sound Attenuation Walls	1-21
Passenger Rail Station Improvements.....	1-22
Structure Modifications.....	1-26
Utility Relocations.....	1-26
Traction Power Substations.....	1-27
Street-Level Grade Crossings.....	1-28
Parking	1-32
Drainage Improvements	1-33
Property Acquisitions	1-34
Construction Phasing.....	1-37
Project Cost	1-37
E. Project Corridor and Study Areas	1-37
F. Summary of Required Approvals.....	1-37
2: Land Use, Community Character, and Public Policy	2-1
A. Introduction	2-1
B. Principal Conclusions and Impacts	2-1
C. Methodology	2-2
Planning Documents	2-3
D. Existing Conditions.....	2-6
Floral Park.....	2-7
New Hyde Park	2-8
Garden City Park.....	2-9

Long Island Rail Road Expansion Project

Garden City.....2-10
Mineola.....2-10
Carle Place.....2-11
Westbury.....2-12
New Cassel.....2-12
Hicksville.....2-13
E. Future Without the Proposed Project.....2-14
F. Potential Impacts of the Proposed Project.....2-16
G. Mitigation for the Proposed Project.....2-19

3: Socioeconomic Conditions.....3-1
A. Introduction.....3-1
B. Principal Conclusions and Impacts.....3-1
C. Methodology.....3-2
Regulatory Context.....3-2
Study Area.....3-2
Technical Approach.....3-3
D. Existing Conditions.....3-4
Population and Housing.....3-4
Business Districts.....3-9
Affected Properties.....3-12
E. Future Without the Proposed Project.....3-16
F. Potential Impacts of the Proposed Project.....3-16
Population and Housing.....3-16
Business Districts, Access, and Acquisition.....3-17
Affected Properties and Property Tax Revenues.....3-17
Compensation and Relocation Assistance.....3-19
Economic and Fiscal Benefits.....3-21
G. Mitigation for the Proposed Project.....3-22

4: Environmental Justice.....4-1
A. Introduction.....4-1
B. Principal Conclusions and Impacts.....4-2
C. Methodology.....4-2
Delineation of Study Area.....4-2
Identify Potential Environmental Justice Areas (Minority and Low Income Populations)
Within the Study Area.....4-2
Title Vi of the Civil Rights Act.....4-2
D. Existing Conditions.....4-3
Minority Communities.....4-3
Low-Income Communities.....4-6
Existing Sources of Environmental Impacts.....4-6
E. Potential Impacts of the Proposed Project.....4-6
Summary of Potential Beneficial and Adverse Impacts.....4-6
F. Conclusion.....4-8
G. Public Participation.....4-9

5: Visual Resources	5-1
A. Introduction	5-1
B. Principal Conclusions and Impacts	5-1
C. Methodology	5-1
D. Existing Conditions	5-3
Study Area.....	5-3
Visual Character	5-3
Inventory of Resources.....	5-11
Summary of Inventory of Locally Sensitive Receptors	5-16
E. The Future Without the Proposed Project	5-17
F. Potential Impacts of the Proposed Project.....	5-18
Impact Analysis.....	5-18
G. Mitigation for the Proposed Project	5-33
